A PRUDENT PERSON PROFITS FROM PERSONAL EXPERIENCE, A WISE ONE FROM THE EXPERIENCE OF OTHERS. — Joseph Collins

The Bethel Oxford County Citizen

Volume LXXXIII—Number 28

BETHEL, MAINE, THURSDAY, JULY 14, 1977

15 Cents a Copy

GUSTY WINDS, accompanying a severe thunder shower and heavy rain early Wednesday evening, caused the top of a large tree (above) to fall on Main Street near the Dunn Apartments, snapping a power line causing loss of electricity in the village for approximately two and a quarter hours. Vehicles were rerouted onto Mechanic Street where limbs had also fallen from a large tree, but damage there was not sufficient to interrupt traffic flow.

NEWRY MAN WINS AWARD AT WESTERN MAINE GEM SHOW HELD AT RUMFORD CENTER

The citrine quartz gem faceted by Norman Davis of Newry was judged superior in workmanship and appearance to the other entries in the gem faceting competition held in connection with the Western Maine Gem and Mineral Festival, Rumford Center, July 8 to 10. The contest was limited to gems cut from natural local material by members of the Oxford County Mineral and Gem Association, producers of the Festival. Each contestant was limited to only one stone, of a size not larger than 15 millimeters at the girdle, faceted in the standard brilliant style, i. e., round with 57 facets. A panel of three out-of-state judges, headed by Rudy Bradbury, Regional Vice President of the Eastern Federation of Mineralogical and Lapidary Societies, examined the competing stones with a ten-power corrected hand loupe and determined which entry excelled in workmanship and appearance. The winner, Norman Davis, received a plaque furnished by ULTRA TEC, manufacturers of faceting machines.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen and the Airport Advisory Committee will be meeting jointly Thursday night, July 21, to interview three consultants who have submitted proposals for undertaking the Airport Master Plan Study.

The Board of Selectmen will meet Monday night, July 18, at 7:30 in the Town Office. Agenda items will include: discussions with the Water District Trustees regarding district activities; consideration of action on proposed Bethel railroad crossing improvements; consideration of action regarding tax acquired property; and an executive session with the manager to evaluate his performance during the past year.

On Monday night, July 11, the Board of Assessors met and discussed a variety of items. A tax hearing was held by the County Commissioners at the request of Gene Buswell. The Commissioners took testimony from both Mr. Buswell and the Town and indicated that a decision would be made at their next meeting. The Assessors also met with Stanley Roberts regarding valuations of some of his buildings and with Horace Gardiner of the Sewall Company.

The Town has hired four people to assist in undertaking special projects in the public works area, under the CETA Title VI program. One of the employees is Stanley Brown, Daniel Ward, Fred Auger and Jerry Litalien. These people will be working for a period of 12 months.

RUBELLA IMMUNIZATION CLINIC IN BETHEL JULY 20

A total of seven cases of rubella (German measles) have been diagnosed in Bethel and the surrounding area, according to Dennis Dix, Director of the Immunization Program, Maine Department of Human Services. In an effort to stop its spread, a rubella immunization clinic will be conducted at the West Parish Congregational Church, Bethel, on Wednesday, July 20, from 9 to 10:30 a. m.

Young girls up to the age of 12 and boys to the age of 18 are invited. Dix urged parents to review their children's immunization records and to bring unprotected children who have reached their first birthday either the July 20 clinic or to their family physician. School health records will be available at the clinic in case there are any doubts in the parents' minds as to the need for immunization. Parents with questions about the clinic may contact the Rumford Division of Public Health Nursing office toll free at 1-800-482-0702. This number may also be used to report new suspected cases of rubella.

The danger of the disease is to pregnant women who contract the disease, health experts say. Unimmunized children are the most susceptible to the disease, but the greatest danger is to the unborn child. Dix says that rubella can cause birth defects which include blindness, deafness, mental retardation, heart defects or even death of the fetus. Symptoms are mild rash and fever which usually lasts about three days. Young adults may experience a low grade fever, headache, and cough one to five days before occurrence of the rash. Arthritis or arthralgia complicate a significant percentage of infections particularly among adult females.

Jorgen Olson is a patient at Rumford Community Hospital. Arthur Morgan is a patient at Northern Cumberland Memorial Hospital, Bridgton.

Make a joyful noise unto the Lord. This is the way I felt Sunday night after a day that was joyful and memorable. We had a combination birthday party and get together at my parents in Norway. It was my father's and my birthday as I was born on his 20th birthday. On the way down we stopped in Albany to pick up Aunt Sara, whose daughter Shirley Corbett, came by and took her to the beach. We had twenty at our get together and we could not have ordered weather more to our liking. What is so rare as a day in June? Yesterday, I believe it should have been changed to what is so rare as a day in July! Afterwards we took a ride through Stoneham, Center Lovell and eventually through Evans Notch. This ride held a wealth of memories as I lived in Stoneham and worked one summer at what is now Center Lovell Inn.

On Sunday, July 3, Mr. and Mrs. Homer Smith Jr. were guests of honor at a surprise anniversary party given by their children, Larry, Kerry, Bruce, Doug, Chris, and Andy at the home of Donald Bachelier. An outdoor buffet was served by the children and their wives. The cake was made and decorated by Karlene Bachelier, Newry. Guests attended from Bethel, Lovell, South Paris, and Conway and Lebanon, N. H. Mr. and Mrs. Smith were married in Bethel, July 3, 1952 by Rev. Fendleton.

Mr. and Mrs. Homer Smith Jr., Andy and Doug, went to celebrate at North Conway July 4. There they visited their son and wife, Mr. and Mrs. Larry Smith and grandson, Shawn. Larry was in the color guard at the parade in that town.

Daniel Bachelier, Christine and Andy Bachelier and Christine and Andy Smith, went to fireworks and races at Oxford Plains Speedway Sunday night, July 3.

Mr. and Mrs. Homer Smith both had vacations from their work on July 4th week and Wednesday with Andy went to Rangleby for a night of land.

Mr. and Mrs. Pat Murphy have gone to Flagstaff to Cathedral Pines, camping for a week.

Mr. and Mrs. Robert Stearns also had 4th of July week off from their jobs. They are remodeling their kitchen, but took time off Thursday to have a picnic with their daughter, Debbie and grand daughter, Dawn, at Locke Mills picnic area.

Mr. and Mrs. Rod MacDougall from Florida, visited his brother, John MacDougall and family, Sunday afternoon, July 3.

Mr. and Mrs. Richard Angove and four children, climbed Locke Mountain July 3, and had a picnic lunch while at the top.

Mr. and Mrs. Bob Baudo (Barbara Angove) and children Mary Frances and Nathan are here for the summer months from their home at Cape Cod, Mass.

Mr. and Mrs. Ernest Angove entertained their three children and families and his sister and husband, Mr. and Mrs. Orla DeBlais and Dorothy from New Hampshire for a cookout July 4.

Mr. and Mrs. William Elliott, Rumford Point, made an evening call at Mr. and Mrs. Ernest Angove's Tuesday, July 5.

Mr. and Mrs. Frank Murphy had house guests the three weeks preceding July 4. They were Mrs. Michael Annis and daughter, Val-

Item 2: I hear a job well done, Mother Myers.

Item 3: Don't forget the regular monthly meeting, Monday, July 18, Bethel Fire Station at 7 p. m.

Item 4: The board of directors has accepted Esther Sweetser's resignation as 2nd vice president. She was appointed by the board to fill Lyn Bristol's vacancy for the remainder of this year. Lyn has returned unexpectedly and has been appointed 2nd vice president. A special thanks to Esther for her graciousness and for the excellent job she did.

Item 5: Board of directors meeting Sunday, July 17 at 7 p. m. in the C. E. P. Room.

Safety Tip of the Week—Lifting properly. When lifting, bend the knees as well as the back. This helps make it easier to lift because the muscles of your whole body are working as a unit to do the lifting, not just the back muscles. This helps prevent back strains and sprains.

erie, from Brattleboro, Vt. For July 4 week end they entertained Mr. and Mrs. Paul Grunberg and children, David and Debbie from Dracut Mass, Michael Annis from Brattleboro, Vt. Saturday visitors were Mr. and Mrs. Robert Mackay and children, Clark Melville, La-

conia, N. H. Sunday afternoon visitors were Mr. and Mrs. Frank Borowski, Gorham, N. H. and Mrs. Lucy Borowski, Dunellen, N. J.

Mrs. Frank Murphy went to the Heritage House, Glen N. H., Monday afternoon with Elaine and Lucy Borowski and Darlene Collier.

Dean Murphy has a job in Colebrook, N. H. and is living in Canaan, Vt.

Mrs. Frank Murphy also had the week of the 4th off.

Mrs. Frank Benson had her mother, Alice Pass from Hebron, visiting her last week. She took her mother home Saturday, July 9 on the way to Sabattus. They had a shore dinner at her daughter, Sylvia Gardner's and family in honor of her husband's 4th birthday. Mr. and Mrs. David Kimball (Sharon) and two girls and Mr. and Mrs. Frank Benson Jr. and four children were also present.

Sunday, Mr. and Mrs. Frank Benson went to West Peru to visit Frank's sister, Gladys Easter. Christi Angvine had a birthday family gathering at her parents, Mr. and Mrs. Dick Angvine, on the occasion of her 10th birthday. Attending were her grandparents, Mr. and Mrs. Bob Baudo and her aunt and family, Mr. and Mrs. Victor Coolidge. Cake and ice cream were served. Saturday the Dick Angvine family took Christie to the Chicken Coop.

Here is an easy hot weather dish my family enjoys. Four cups rice crispies, 1/2 to 1/4 cup corn syrup, 1/2 to 1/4 cup peanut butter, mixed together. Divide this into two pie pans and press down. Take 1/2 gallon of vanilla ice cream and thaw enough so it can be put over the rice crispie mixture in pie plates and put back into deep freeze until ready to serve. When serving this can be garnished with your favorite fruit, nuts, shredded chocolate or whatever.

"Airport '77"

Greenwood City

— Mrs. Collista Morgan, Corres. —

To wake up and see no rain over our state of Maine on Tuesday morning brought delight to our Club Eight. We had planned for some time to ride the "Songo Queen" and all seemed to say "Go".

Now and then a bit of cloudiness appeared then the sun poured down with a lavish golden contentment, on people, houses, fields and water. It had the whole sky to shine in, and miles and miles of hills and woods. The air was matchless and buoyant, keeping the sun's heat from falling too heavily on our shoulders.

We arrived where the "QUEEN" was at anchor, a replica of the famed Mississippi River stern paddle wheeler, attractive in its red and white, at Naples causeway.

There was the polite progress through the crowd as we made our way up the stairs where we took seats. Then the warning whistle blew for us to go.

Once on board the engine barely ticking, drove the boat ahead slowly with a smooth, sleepy, gliding motion.

In a few moments we left Long Lake to pass through a swing bridge and into Brandy Pond, actually on our way. We looked out at the green shore and the bright trembling water in the morning calm.

We turned our faces upward where flew on wide straight wings, dazzlingly bright in the sun, as it veered mightily, circling, a sea-plane on its way out into the blue.

Round shouldered ridges formed a wild amphitheater of blue peaks in the distance, while out of it the waters sparkled as the rivers threaded their tranquil way to the sea.

Brandy Pond is one of many in our state of a countless number. They may lie in unbroken woods, tiny hidden forest jewels, lonely and apart, mirroring the depth of

green forests or like this one with a few cottages on its shores. Each pond is a world in itself; it has some intimate beauty, small islands, secluded channels, small curved beaches, and where one can almost believe the moon looks down on each with a different light.

Leaving Brandy Pond we entered the natural beauty of the Songo River. In some places along its banks the green of the pine plumes sent out their fragrance, as delicious sunshine came pouring through them. In other places there were neat little cottages, stone work, a prehistoric creature headless, pushing out into the water. At another time I saw a head an alligator just getting ready to leave the bank. I'm sure the others saw no such things.

We floated on to the Songo Lock where we waited for the water to drop. Then the Lock opened and we passed through. At this point we knew we were to turn around but none wished to do so.

Now a strong wind sprang up. We heard its chanting and felt its force. The fluttering of the "Queen's" over head cover, sounded like the patter of hail stones.

Trees along the way thrilled with glad excitement; each tree expressing itself in its own way. Their various gestures made a delightful picture. Little pines as feathery as squirrel tails, bowed low; old patriarchs, with massive trunks waved solemnly while some of their needles loosened and dropped to float the river riding among the diamonds. The shadows beneath the trees enhanced the scene. A few sublime and beautiful cloud-mountains made an addition to the landscape.

When near the swinging bridge our captain announced, "We'll dock this side as the lake is too rough to go through the bridge."

We proceeded toward shore but before docking he again said, "The wind has subsided somewhat so we'll try it and I wish I could make up my mind, don't you?"

We sailed through with just a slight bump.

green forests or like this one with a few cottages on its shores. Each pond is a world in itself; it has some intimate beauty, small islands, secluded channels, small curved beaches, and where one can almost believe the moon looks down on each with a different light.

Leaving Brandy Pond we entered the natural beauty of the Songo River. In some places along its banks the green of the pine plumes sent out their fragrance, as delicious sunshine came pouring through them. In other places there were neat little cottages, stone work, a prehistoric creature headless, pushing out into the water. At another time I saw a head an alligator just getting ready to leave the bank. I'm sure the others saw no such things.

We floated on to the Songo Lock where we waited for the water to drop. Then the Lock opened and we passed through. At this point we knew we were to turn around but none wished to do so.

Now a strong wind sprang up. We heard its chanting and felt its force. The fluttering of the "Queen's" over head cover, sounded like the patter of hail stones.

Trees along the way thrilled with glad excitement; each tree expressing itself in its own way. Their various gestures made a delightful picture. Little pines as feathery as squirrel tails, bowed low; old patriarchs, with massive trunks waved solemnly while some of their needles loosened and dropped to float the river riding among the diamonds. The shadows beneath the trees enhanced the scene. A few sublime and beautiful cloud-mountains made an addition to the landscape.

When near the swinging bridge our captain announced, "We'll dock this side as the lake is too rough to go through the bridge."

We proceeded toward shore but before docking he again said, "The wind has subsided somewhat so we'll try it and I wish I could make up my mind, don't you?"

We sailed through with just a slight bump.

Letters to the Editor

July 8, 1977

To the Editor:

We have now moved to Massa-
chusetts. I'd like everyone to know
that all of the places that I've liv-
ed to make a yearbook has given
me a lot of things I've never expe-
rienced before. I've lived in places
I dislike and people I love. But
no matter what I think about it,
I'll always remember them.

Bethel has a lot to offer, a lot
of things you don't realize until
you leave. There are still things
Bethel has to offer me.

Telstar has given me a lot of
things, including self confidence.
Being the editor of this year's
yearbook has given me pride.

Showing people and teaching them
how to make a yearbook has given
me happiness. To help people
in any way I can, is happiness to
me.

There is one thing that I don't
like about Bethel. The people
from whom I hear that this is
wrong! You've got to know people
personally before you can make
any judgements. This, to me, is
Bethel's biggest downfall. Also to
take into mind that people can
face a change. You've got to give
everyone a chance.

Well, I've been trying to write
to all of my friends. But if by
chance I've forgotten anyone, I'm
sorry, but drop me a line. I'll write
to everyone. There's one thing
you've got to write back. Also
I'm taking any and all donations
of stamps!

I'd like to thank everyone for
a great two years in Maine. But a
special thanks to all of my "gang".
To all the good times we've had
and to all the good times we'll
have in the future. Thanks again!!

A friend always,

To the Editor:

The Good Book says: "To every-
thing there is a season, and a
time to every purpose under the
heaven: A time to be born, and
a time to die; a time to plant,
and a time to pluck up that which
is planted; a time to kill, and a
time to heal; a time to break
down, and a time to build up; A
time to weep, and a time to
dance; a time to mourn, and a
time to sing; a time to embrace,
and a time to refrain from
embracing; A time to get, and a
time to lose; A time to keep, and
a time to cast away; A time to
rend, and a time to sew; A time
to KEEP SILENCE, and a time
to SPEAK; A time to LOVE, and
a time to HATE; A time of WAR,
and a time of PEACE." The above
quote is from Ecc. 3:1-8 and I
say all this to say: There is a
time and place for everything.

Truly yours,

NEW FILM FEATURES

CORRIE TEN BOOM

"Corrie: Behind the Scenes with
The Hiding Place," a new full-
length color release from World
Wide Pictures, will be shown at
the West Bethel Union Church,
on Sunday, July 24. A single show-
ing is scheduled to begin at 7:30
p. m.

The Hiding Place, a true story
filmed in Holland and other Eu-
ropean locations, is based on the
experiences of Corrie ten Boom,
who, with her father, sister, and
brother, provided refuge for coun-
tless Jewish families. A secret
room was constructed in their
home as a hiding place for use
during Gestapo raids. The ten
Booms' activities were discovered,
and they were sent to prisons and
concentration camps.

According to Kenneth Bliss, Di-
rector of Distribution for World
Wide Pictures, The Hiding Place
has been extremely well-received,
both by audiences and film crit-
ics. "Corrie was produced to give
people who have seen The Hiding
Place or read her many best-sell-
ing books an opportunity to hear
her share many of her memories
about her life in Holland, her
family, and her lifetime of ser-
vice to others."

Bliss added that the film "offers
a great lesson in the perseverance
of a personal faith in a very dark
and trying period of world his-
tory. Corrie ten Boom, now in
her eighties, has a tremendous vi-
tality, a deep spiritual commit-
ment, and a profound love for her
fellow man. We believe we have
succeeded in transmitting a part
of her zest, personality, and source
of strength through this film."

Bliss noted that the film in-
cludes "interesting sidelights on
the experiences of the cast and
crew during the filming of The
Hiding Place."

The Reverend B. R. Griffith,
pastor of the West Bethel Church,
stresses that the showing of "Cor-
rie" is open to the public free
of charge. "We encourage families
to plan to attend together, for
what we believe will be a mem-
orable experience," he concluded.

ARTS AND CRAFTS FESTIVAL

GOULD FIELD HOUSE JULY 30

Nationally known silhouette
artist, Kaye Housel, will be but
one of the main attractions being
presented at the Bethel Arts and
Crafts Festival at the Gould
Academy Field House on July 30.

The festival is being sponsored
by the Bethel Auxiliary of Rum-
ford Community Hospital.

Her Silhouette Work is recog-
nized as the best in her field. She
is known for her genius in capturing
exact likeness and detail. More
than 150,000 silhouettes from her
scissors have been collected and are
on file at the State Library in Au-
gusta, as part of M.O.C.A.'s Bi-
centennial effort, 6000 names of
American Revolutionary veterans
have been collected and will even-
tually be placed on a computer
print-out by the Folger Library,
University of Maine, Orono. All of
this information will in time be
available to the public in an easily
accessible manner, allowing his-
toreologists, historians and anyone
interested to find out what is per-
tinent to their study.

The earliest graves were un-
fortunately left largely unmarked.
Early settlers were too busy
trying to survive for an extensive
marker and in many instances bear
evidence of fine workmanship. The
grave markers were made of stone
in an area tended to be consid-
ered a bad omen for the success of
a settlement, so they were in many
cases de-emphasized. The slate
stones are the oldest permanent
markers and in many instances bear
evidence of fine workmanship. The
unique epitaphs were "allowed
slate in favor during the latter
part of the 19th century and ear-
ly 20th. It is much too porous
and easily broken to be as satis-
fying as the older slate markers
or today's durable granite. Carving
for old cemeteries, especially ab-
andoned ones, is a constant
project of MOCA involving much
time and effort, plus a little mon-
ey. Dr. Fife concluded her pre-
sentation with several epitaphs in-
cluding one which simply read
"Transplanted."

The singing of old familiar
hymns accompanied by Edward H.
Hastings on the organ preceded
Dr. Fife's talk. Refreshments were
served by members of the East
Bethel Church Association.

S.O. S. LAKE ASSOCIATION

MET JULY 9

The first meeting of the S. O. S.
Lake Association was held Sat-
urday evening, July 9, at the Bethel
Inn Beach Club. Secretary and
Treasurer reports were read and
accepted. President Helen Kallis
reported on the success of the Bot-
tle Bill in Augusta and the failure
of the non-resident fishing license
bill. She also reported that John
Osborne will soon be leaving the
area for other employment. The
Association is very grateful for
all his help. His last reports from
tests after the spring turnover of
the lake showed the lake to be in
a much better condition. Happy
travels, John. Names of new
cottage owners were cited and
many paid up their annual dues.
Keep in mind the next meeting
which will be the annual picnic
and election of new officers. Meet-
ing adjourned and refreshment
were served.

—Olive Davis, Corres.—

Lettie Brooks called one afternoon and brought some groceries that Olive Davis needed. It's so nice to have such helpful friends. One can never say enough in praise of all our callers and helpers that have been here this week.

Lloyd Merrifield cleaned up some trees that fell down and brought some of the wood to Olive Davis' woodshed. Some of the wood he had for his fireplace. Thanks, Lloyd.

I appreciate the cards received from the Granges and Senior Citizens and the individual ones, too. It sure helps one's morale.

Mr. and Mrs. Frank Campbell went to Hermit's Island Sunday. It was a beautiful day for a coastal trip.

Several horseback riders were in this vicinity Sunday enjoying the beautiful July day.

Mrs. Guyson Davis took her grandchildren for the day Sunday while their parents, Mr. and Mrs. Roger Tibbets, enjoyed a trip to the "Castle in the Clouds" on their motorcycle with other friends.

Mr. and Mrs. Leslie Bryant took dinner with Olive Davis and Lilian Harmon Sunday. Leslie moved the lawn for Olive while she is incapacitated.

Mr. and Mrs. Frank Campbell have had severe colds the past week but are better now.

Mr. and Mrs. Guyson Davis and Mrs. Mary Brown were in Livermore where they visited relatives one day this week.

Mr. and Mrs. Harris Hathaway called on Olive Davis Friday evening.

STATE OF MAINE
HOUSE OF REPRESENTATIVES

Karen L. Brown

The 108th Maine Legislature has nearly finished its business, and all of us here in the House are anxious to return to our districts. In a flurry of last minute activity the legislature recessed at 10 p. m. Friday evening for the week end before the final big push to end the session on Monday.

There are several important bills that have been on the Governor's desk that have become law this week. One of these; that was one of the hardest fought issues this session, has been the so-called "voluntary quit bill," LD 143. This bill was sponsored because of the \$221 million debt in the states unemployment fund and the continuing drain on this fund by workers who voluntarily quit without good cause or who are fired for misconduct.

Under the old law, anyone who voluntarily quit a job, or who was fired for misconduct, and wanted to collect unemployment benefits had the option of either waiting 12 weeks or of reentering the work force long enough to earn eight times the amount of the weekly unemployment benefit for which they were qualified. Nearly everyone in this particular set of circumstances chose to wait 12 weeks rather than work at whatever was available long enough to demonstrate an attachment to the work force; once an individual qualified they could receive a weekly unemployment check for up to 52 weeks.

Seasonal homes that are converted to year round dwellings, will now have to meet the requirements of the uniform plumbing codes. The legislature finally enacted into law a bill to cover the growing water pollution problems from the large number of lake front cottages that are being converted to year round use.

The proponents cited the increased pollution problems on heavily developed lakes where residents are moving to their camps year round, as the cost of maintaining two homes begins to soar. Many towns are lax on enforcing their plumbing codes. I felt that the bill was unnecessarily intruding into the lives of private citizens and that the grandfather clause which exempts already converted seasonal homes effectively guts the bill.

The legislature added another ground for divorce which will permit the spouse of a mental patient who has been committed for at least seven consecutive years to file for and obtain a divorce. This is one of my bills that I filed at the request of a constituent from my district, because of the failure of current domestic relations statutes to address the present situation. A similar bill on this subject has been tried in previous years and failed.

Danger of Wrong Pricing

Since human nature is predictable, there is a better chance that you'll put the wrong selling price on your home if you arrive at it yourself.

You may price it far above its fair market value because of sentimental attachment, or by heeding a well-meaning friend's advice. A home remaining on the market for months due to overpricing, frequently becomes a "White Elephant". It eventually sells for a much lower figure than it would have brought originally—had it been

priced realistically. On the other hand, you might under-price it because of unfamiliarity with the local market. This would be financial folly. Your safest bet is to list your home with a Realtor who will help you price it correctly from the start and sell it for the best profit.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel, Phone: 824-2122, 824-2579. We're here to help!

EXHIBIT OF SCULPTURE

BY GIL WHITMAN UNDERWAY

AT ART CENTER, NORWAY

The Western Maine Art Group is presenting an exhibition, "Sculpture with the Maine Ingredient," by artist Gil Whitman of North Edgecomb, July 12-31, at the Art Center, Norway. For Gil, his first one man show in the Western Maine area will be sort of a homecoming, and for many of his friends an opportunity to view his work for the first time. A former resident of Bryant Pond, Gil will be remembered by many in Oxford County for his varied activities throughout the county.

A graduate of Essex County Agricultural and Technical Institute at Horthorne, Mass., Whitman has exhibited his work in many one-man and group exhibitions throughout the Northeast, including Expo 67, Montreal, Canada; Springfield Museum of Fine Arts, Springfield, Mass.; Malden Public Library, Malden, Mass.; and the International Art Gallery, Pittsburgh, Pa. His work is included in many private collections. Corporate clients such as Mobay Chemical, St. Regis Paper Co., The Research Corporation and the Philadelphia Flyers have purchased his work. He is a member of the Maine Chapter of Artists Equity and the Academic Artists Association of Springfield, Mass.

The Art Center is open to the public Tuesday through Saturday from 10 a. m. - 5 p. m. and on Sunday, 2-7 p. m.
